## STOP THE DESTRUCTION!

### POWER STEERING OIL COOLERS

Installing a power steering cooler removes destructive heat generated by passenger cars as well as vehicles with large tires such as motorhomes and off road vehicles. Hayden's power steering oil coolers reduce operating temperatures, thus increasing the life span of the pump, seals, hoses and fluid. Efficient tube & fin design along with simple push-on style connectors make installation a snap. Available for light, medium and heavy duty applications.

- Reduce System Operating Temperatures
- Save on Costly Repairs
- Easy Do-It-Yourself Installation
- Efficient Tube & Fin Design

Part Number	Thickness	Height	Length	Core	Fitting	Application Guidelines
1009	3/4"	2-1/2"	9"	5-3/4"	3/8" Push-on	Light-Duty
1010	3/4"	2-1/2"	12"	8-3/4"	3/8" Push-on	Medium-Duty
1011	3/4"	5"	9-1/4"	5-3/4"	3/8" Push-on	Heavy-Duty
1012	3/4"	2-1/2"	16-1/4"	12-1/2"	3/8" Push-on	Truck-SUV

*Instruction sheet and installation hardware included*
