(22-20) Ford F350, 6.7L Diesel

(22-20) Ford F450 Super Duty, 6.7L Diesel

## Your Manufacturing Source for Quality Electronic Fan Clutches

Hayden manufactures fan clutches in our North American ISO:9001 certified production facility. For each manufactured clutch, Hayden procures several O.E. sample clutches and matching O.E. fans for precise testing and development. Hayden uses the data gathered from extensive testing of the O.E. unit to design a true quality replacement in fit, form and function to meet or exceed O.E. specifications.
